

Stuart will be shown to have won by the official count.

"It is rumored that in Smyth county that 200 votes will have to be thrown out, and that in other counties illegal votes may have been cast for Slomp."

"The Democrats are hopeful to-night and feel about as good as the Slomp leaders, who are by no means confident."

"I think that it will require an official count to show who has really won," said John J. Stuart. "I have heard rumors of illegal votes that will have to be thrown out, and I am confident we have a fighting chance yet."

Alex. Stuart, a prominent Democratic leader, telephoned from Russell county to-night that Slomp's majority in Wise is only 169, and that he is claiming too much in other counties.

Slomp's figures are as follows:

Stuart—Bristol, 1,275; Washington, 150; Giles, 225; Pulaski, 250; Russell, 157; Buchanan, 17; Dickenson, 10. Total Stuart majorities, 1,985.

Slomp—Scott, 352; Wise, 280; Tazewell, 411; Smyth, 189; Bland, 38; Wythe, 1; Lee, 178. Total Slomp majorities, 1,388.

Latest Returns Indicate Approximate Plurality of About 100 Votes.

[Special to The Times-Dispatch.] Danville, Va., November 9.—Complete official returns from the Fifth District, with the exception of the counties of Carroll and Grayson, indicate the election of Hon. E. B. Saunders for Congress by about 100 majority.

For Saunders the majorities are as follows: Danville, 152; Pittsylvania, 62; Franklin, 37; Henry, 12; Giles, 13; For Parsons, Carroll, 221; Grayson, 525; Patrick, 200.

While the majorities of Carroll and Grayson are not official, it is thought if there is any change the figures will be reduced.

Galax, Va., November 9.—There seems now no doubt that Hon. E. B. Saunders, Democrat, is elected over John Parsons, Republican, in the Fifth District, by a safe majority. Latest reports give his plurality at approximately 250 votes. This is a gain of over 150 over the majority of two years ago.

**BIG MAJORITY FOR HOLLAND.**

Leads His Republican Opponent by 4,934 Votes.

[Special to The Times-Dispatch.] Norfolk, Va., November 9.—Practically complete returns to-day from throughout the Second District show the election of E. C. Holland, Democratic candidate for Congress, over H. H. Rumble, the Republican nominee, by a majority of 4,934 votes, with scattering votes recorded for Labor, Social candidate and George H. Gaskins, Independent Labor candidate.

The figures in the election and they are practically complete and official, are as follows:

Norfolk city	2,431	411
Portsmouth city	1,275	122
Suffolk city	544	87
Nansemond county	531	43
Southampton county	565	43
City of Virginia Beach	429	64
Norfolk county	592	180
Princess Anne county	289	52
Totals	6,587	1,653
Holland's majority	4,934	

While the returns on the amendments vote is incomplete, and yet unsatisfactory enough is known to announce that all of them were defeated throughout the Second District by large majorities. In the city of Norfolk, where strenuous efforts were made by the ring faction in control to secure their adoption, all of the amendments were defeated, the way from 19 against unlimited terms for commissioners of revenue in cities, to 1,949 against any extension of the time of the sessions of the Legislature.

**Holland's Expense Account.**

[Special to The Times-Dispatch.] Suffolk, Va., November 9.—Colonel Holland, yesterday elected from the Second District, sent to the Secretary of the Commonwealth this evening a sworn statement as to the cost of his ten days' primary campaign. He has thirty days in his office and expects to state of yesterday's election. The primary cost to Holland is \$1,237.20, and his personal expenses, \$913.38. Among the items are \$250 for newspaper advertising, theatre rent and chairs; for Norfolk meeting, \$151.25; railroad fare, \$20; automobile rent, \$13.50.

**BIG LEAD FOR HAY.**

Carroll's Frederick County by 346 Majority Over Two Opponents.

[Special to The Times-Dispatch.] Winchester, Va., November 9.—Official returns from Frederick county give Congressman Hay 510; H. S. Lupton, Republican, congressional candidate, 95; and J. A. Paul, another Republican candidate, 65, making Hay's majority 346.

Lupton is a resident of Frederick county.

Vote on amendments was as follows: Extension of Legislature, 78 for, 543 against; reading of bills, 87 for, 518 against; succession of county treasurers and revenue commissioners, 123 for, 569 against; succession of city treasurers and commissioners of revenue, 85 for, 435 against.

**LIGHT VOTE IN VIRGINIA.**

Glass Receives All but One of Votes Cast.

[Special to The Times-Dispatch.] Virginia, Va., November 9.—At the election held here yesterday the vote was very light. Of 52 votes cast only one was in favor of the first amendment, none for the second and four each for the third and fourth. Carter Glass for Congress received 44 votes; Allison, Socialist, 1.

**A Democratic Victor**

While the majorities against all of the four proposed amendments to the Constitution were increased by the returns received yesterday, the reports so far are so meagre that it is impossible to say positively as to the fate of the proposition for the succession of treasurers and commissioners of the revenue in the counties and cities. The almost each county heard from as to the majorities against all of the propositions, but it appears that most of the newspaper correspondents did not ascertain the vote. This means, in all probability, that the exact result will not be known until the official returns are received at the office of the Secretary of the Commonwealth.

There is no reason to change the opinion regarding the result as published in The Times-Dispatch yesterday to the effect that, judging from the returns in hand, all of the amendments have been defeated. However, when the votes from the Republican sections have been received there may be a majority for the propositions regarding the election of officials.

**VOTE AGAINST AMENDMENTS.**

Little Interest Manifested in Buchanan in Election.

[Special to The Times-Dispatch.] Buchanan, Va., November 9.—There were only eight-four votes cast at this place yesterday. Faced having no opposition in this district, little interest was manifested in the election. Throughout the county the vote was exceedingly light. The vote on the amendments stands: No. 4, 5 for and 52 against; No. 5, 6 for and 52 against; No. 6, 10 for and 51 against; No. 11, 6 for and 51 against.

**VOTE IN KING AND QUEEN.**

Big Majority Is Cast Against All Four Amendments.

[Special to The Times-Dispatch.] King and Queen Co., Va., November 9.—Five out of six precincts of this county voted yesterday. The amendments have, respectively, 33, 31, 44 and 35 for, and 174, 175, 159 and 160 against, them. Very small vote was cast in the county.

**JUDGES DID NOT OPEN POLLS.**

Voters of Madison Heights Could Not Take Part in Election.

[Special to The Times-Dispatch.] Lynchburg, Va., November 9.—It was learned to-night that the election judges in Madison Heights yesterday failed to open the polls, and the voters of that suburb, who were prevented from participating in the election. The precinct is in the Tenth Congressional District, and the town has 3,000 people. The election condition prevailed a year ago in the gubernatorial election.

An effort is to be made to get the matter before the next grand jury.

**Bonds Voted for Good Roads.**

[Special to The Times-Dispatch.] Front Royal, Va., November 9.—Returns from the different precincts show that the second issue of \$30,000 of bonds for the building of good roads was carried by the narrow margin of 15 votes. The large majority in this precinct was all that carried the issue.

**MURPHY NOT SEEKER AFTER DEPEW'S TOGA**

Wishes to Convince People That Tammany Is Not as Black as It Has Been Painted.

Many Prospective Candidates.

[Special to The Times-Dispatch.] New York, November 9.—With an assured majority in the Legislature, probably 33, local Democratic politicians to-day turned their attention to the United States senatorship, which, somewhat unexpectedly, was one of the fruits of yesterday's victory. Neither leaders or legislators would discuss the subject publicly or express any preference, for there is very little doubt that there will be many candidates for an honor that is viewed more vividly than even the governorship.

Edward M. Shepard was mentioned, and general opinion was that a man of his type would find little difficulty in being elected unless Charles F. Murphy, who will control the situation, should decide to oppose him. Herbert B. Bissell, of Buffalo, was also talked of.

Alton B. Parker, William F. Sheehan and C. Cady Herlick are also men who have a number of friends who will insist that they name be considered before the selection is made.

One interesting thing was learned from an authoritative source, that is that Tammany Hall will not endeavor to elect an out and out member of the organization. This, in a way, disposes of the frequently made statement that Charles F. Murphy would have himself elected. There are many organization men who believe that he could do this; if he so wished, but it is said that Murphy wishes to be satisfied that he has been able to demonstrate to the people up the State that Tammany, heretofore a byword, is to be trusted, and is not as black as has been painted.

**FAMOUS SCHOLAR DEAD**

Dr. A. M. Elliott, of Johns Hopkins, Dies After Long Illness.

Baltimore, Md., November 9.—Dr. A. M. Elliott, professor of romance languages at Johns Hopkins University, and one of the foremost scholars of the world in that field of literature, died here to-day, after a lingering illness.

He was sixty-four years old. Dr. Elliott was decorated in 1907 with the Cross of the French Legion of Honor in recognition of his literary work. He was one of the members of the faculty of Johns Hopkins University, having been connected with that institution since its founding in 1876.

No motive for the shooting can be learned by the police from the doctor. Mrs. A. C. Boyd, a woman patient, was in the physician's office consulting him when Martin entered with a revolver and began firing.

Hollinger fell under the shots, which struck him in the head and arm. Martin, with his last bullet, killed himself.

A. J. Beveridge Will Be Succeeded in U. S. Senate by John W. Kern.

Indianapolis, Ind., November 9.—Senator A. J. Beveridge's hopes for another term at Washington went glimmering to-night, when late returns showed conclusively that the Democrats yesterday elected a majority of the members of the Indiana Assembly, which will meet next January to choose Mr. Beveridge's successor.

According to the latest figures, the Democrats will have a majority of twenty-three. John W. Kern was indorsed last spring by the Democrats for United States Senator, and in all probability he will become the colleague of Senator Shively, also a Democrat.

It is expected to-night that the Democratic State ticket was elected by a plurality of about 15,000.

Of the thirteen Indiana Congressmen, twelve will be Democrats. Edgar Dean Crumpacker, of the Ninth District, was re-elected to his second term.

For the first time in thirteen years the Democrats have control of every branch of the State government, the two United States Senators and all but one member of the congressional delegation.

Governor Marshall's term has two years to run. The next State Senate will be Democratic by ten, and the House Democratic by twenty-two. The program of the Democratic legislation, as announced in the party's platform, includes repeal of the county option law and the substitution of a law providing for city, ward and rural township option units.

**BELIEVE IN MRS. EDDY; STAND BY MRS. STETSON**

Attitude of Wilmington Christian Scientists Causes Offense to the Mother Church.

[Special to The Times-Dispatch.] Wilmington, N. C., November 9.—Because of a personal quarrel between a member of the Wilmington church and the mother church, and that the officers of that church are persisting in their refusal to accept the person of a Christian Scientist, the action follows a series of questions propounded by the mother church to the board of directors of each member of the Wilmington church, and while still settling forth that they were followers of Mrs. Eddy, the members stood by Mrs. Stetson. So the local church was dropped by the mother church, and the reading room of the Wilmington church has been closed, all services discontinued and public notice given to that effect. The Wilmington Christian Scientists, however, are continuing their institution, a number of prominent people belonging to it, and the church building is a handsome one.

**CHAMP CLARK'S PLEDGE**

House Will Take Up Downward Revision of Tariff.

Bowling Green, Mo., November 9.—Downward revision of the tariff is the pledge made for the new Democratic House of Representatives by Champ Clark, of the Ninth District, who is a candidate for the speakership.

"The landside is in line with my prediction of months ago," said Congressman Clark at his home.

"The people are tired of the present administration and are provoked to just a little extent by the new indications with the tariff deception."

"The first and greatest proposition the Democrats should stand for is a 'radical' in the tariff, a new revenue basis. I would reduce it scientifically and gradually, and put into it a sliding scale, much like there was in the tariff bill of 1893."

"There is no question but what the Democrats will be on their good behavior in the new Congress, and the future will depend largely on our conduct. Democrats now have a golden opportunity for constructive statesmanship, and should not allow themselves to be once more their fitness for legislating wisely and patriotically."

Particular interest is being taken in the baby show, which is to be held here in the afternoon and evening. It is awarded to the fattest and prettiest babies placed on exhibition.
